

ENGLISH

We continue to do daily phonics and guided reading once a week.

We will learn some simple songs and change the lyrics to write our own. We are also using the storytelling method to learn the story of the Pied Piper and innovate it.

We will be learning how to use commas and conjunctions in our sentences, and making sure we write in the correct tense.

MATHS

We're continuing to learn our 10s, 2s and 5s x tables. Once we know them we need to practise our 4s and 3s.

We will be learning about fractions and learning about measuring the length and width of things.

We will also be having a big focus on basic arithmetic skills such as counting on and back in tens, adding single numbers to 2 digit numbers and quick fire adding and subtracting.

ART

We hope to do create some collages and pictures in response to different pieces of music.

Year 2 Spring term 2

Beat, Band, Boogie!

DT

We will be designing and making drums and stringed instruments to create a class band.

MUSIC

Our topic this term has a big focus on music. We're looking forward to learning about how pieces of music are put together and trying to create some of our own. We will be learning lots of new songs for and using some percussion instruments to make music. We're also going to learn about a variety of famous musicians including Sergei Prokofiev and The Beatles.

RE

We will be learning about the Jewish festival of Passover and then learning about what Easter means to Christians.

COMPUTING

As always we will be emphasising how to stay safe online. We will also be using 'Scratch' to undertake some simple coding activities.

SCIENCE

In Science we are learning about different plants. We will learn what plants need to grow and will be naming different plants, trees and parts of a plant.

FOREST SCHOOL

Year 2 will also be taking part in forest school this term. Argentina will be going on Tuesday mornings and Peru will be going on Tuesday afternoons. You will have received details about this separately.
