

## ENGLISH

We continue to do daily phonics and guided reading once a week.

We will be learning to tell a story and write our own versions.

We will be writing non-fiction leaflets about castles.

We will be reading and writing poems.

## MATHS

We're continuing to learn our 10s, 2s and 5s x tables. Once we know them we need to practise our 4s and 3s.

We are learning more about addition and subtraction, fractions, sequences of numbers and multiplication and division, position and time.

## ART

We will be creating self—portraits.

## Year 2

### Summer Term 1

### Towers, tunnels and turrets.

## GEOGRAPHY

We will be looking at the locations of different castles around the UK and the world.

## DT

We will be designing castles and making bridges. We will be investigating what makes our structures strong.

## PSHE

We will be learning .how to be resilient and purposeful learners.

## RE

We will be learning about Islam.

## COMPUTING

As always we will be emphasising how to stay safe online. We will also learn how to research a topic, copy and paste images and use a word processor. We will also developing our programming skills.

## SCIENCE

In Science we will be learning about movement and investigating forces.

## PE

This term we are developing our skills in athletics.
