

Find out what porridge is made from. What does it look like before we buy it in the shop?

Think of some yummy ingredients you can add to porridge. You could try some and write down or tell us which was your favourite.

Make a new chair for baby bear to replace the one that Goldilocks broke. You could use card, blocks, boxes or anything else you can think of. Bring it in to show us or you can put a picture on tapestry.

If Goldilocks tried all 3 bowls of porridge, all 3 chairs and all 3 beds, how many things did she try altogether? Show how you worked it out by drawing what she tried and counting them.

Use your story map to retell the story to someone at home.

Visit the library to find a different version of the story. Perhaps you could borrow the book and bring it in for us to read.

Make a shoebox model of one of the scenes in Goldilocks, you could make the forest with the Bear's house in the middle or you could one of the rooms inside the house. Then you can bring it in and display it in class.

Draw a picture of your favourite part of the story. You could use paint, crayon, chalk collage or pencils. Label your picture or write a sentence to describe what is happening.

Write a list of words to describe some of the things that Goldilocks tried at the bear's house. Draw pictures to go with your words.

Be as creative as you like and enjoy the home learning activities. We would LOVE to see more photographs and notes on Tapestry about any home learning - either using the ideas on this page or any other 'wow' moments!
