

Dilemma: Is it our responsibility to save the rainforests?

Please choose a number of pieces of home learning to complete over the next few weeks. Everyone is expected to complete at least 30 dojos of homework.

	5 dojos	10 dojos	15 dojos	20 dojos
English	<p>Make a list of products you can buy in supermarkets that contain Palm Oil.</p> <p>Research alternative ingredients that could replace Palm Oil.</p>	<p>The Earth's major biomes include tundra, forests, grasslands, and deserts.</p> <p>Describe the features of each biome with examples on a map.</p>	<p>Write a short biography of Greta Thunberg, and the impact that she has had on climate change activism.</p>	<p>Build a 3d Model to illustrate the four layers of the rainforest.</p> 
Maths	<p>Write 5 questions where letters are substituted for numbers in calculations and then solve them underneath.</p> <p>E.g. $6 \times C = 72$ $C = 12$</p>	<p>Do TTRS everyday for TWO weeks. See how much you can improve your fastest time per question.</p>	<p>Create a series of graphs that illustrate the different quantities of rainfall across the different Biomes. Present these ideas alongside a map.</p> <p>Challenge: Describe these changes over time.</p>	<p>Create board game with the rainforest theme that covers many different Year 6 maths topics. You will be able to play it with friends of your choice.</p>
Other	<p>Draw a picture of one of your family members in the style of one of the illustrators we studied.</p>	<p>Create your own climate change banner! Think of the message, and the imagery used.</p> <p>Think of a rhyming chant to call out with your banner.</p>	<p>Design your own Climate Change poster – think of a SNAPPY slogan and a persuasive call to action!</p>	<p>Grow a plant from seed, recording the process with detailed notes, drawings and photographs.</p> <p>You can present this as a poster, booklet, or PowerPoint presentation – it's your choice.</p>
