

## YEAR 3 – TERM 2

# 'Heroes and Villains'

### English

We will continue to do guided reading, phonics and spelling every day.

We will be learning to compose and rehearse sentences orally, progressively building a varied and rich vocabulary and an increasing range of sentence structures.

We will be organising paragraphs around a theme.

We will be learning to proof-read for spelling and punctuation errors, and to use the present perfect form of verbs in contrast to the past tense.

### Maths

This term, we will solidify our knowledge of Place Value, and continue to practice our Addition and Subtraction skills, building up confidence and understanding to use the column method for Addition and Subtractions.

We will learn to estimate the answer to calculations and use inverse operations to check answers.

We will then move onto Multiplication and Division: Making equal groups and sharing them.

We will be using Arrays and practicing times tables (2s, 3s, 4s, 5s, 8s and 10s), always remembering to access our learning resources to help deepen our understanding of our Maths skills.

### Science

To recognise that we need LIGHT in order to see things and that dark is the absence of light.

To notice that light is reflected from surfaces by playing mirror games.

To observe that (white) light is a spectrum and is made up of all colours and *prove it!*

### Art

We are learning about the life and work of Frida Kahlo.

We will continue to explore new techniques and materials and learn the importance of 'seeing'.

We will explore colour mixing.

### RE

We will be learning and talking about Christianity.

### Geography

We are learning about the Continents and climate change.

### DT

Christmas Craft – this year we are making Sock Snowmen!

### PE

This term we are developing our skills in Athletics.

### PSHE

We will be discussing how to be resilient and purposeful learners and learning about celebrating differences and resolving conflicts.

### Computing

As always, we will be emphasizing how to stay safe online. We will also learn how to research a topic, 'copy and paste' images and use a word processor. We will also be developing our programming skills.
