

Practise using your fine motor skills to make a threaded pasta necklace. You could make your necklace into a pattern by painting the pasta 2 different colours and making a repeating pattern.

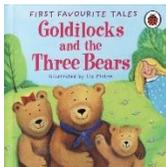

Can you write a list. It could be a shopping list, a party list, a list of what you see on a walk or any other list you can think of. *Parents-encourage your child to make marks and tell you what they say, it doesn't matter if they are shapes, squiggles, random recognisable letters or some of the correct letters.*

How is the sunflower seed which you brought home growing? We would love to see photos and drawings of your sunflower plants.

Tell your grown ups at home the story of Goldilocks and the Three Bears which we will be learning in nursery this term. You could draw pictures to help you remember the story.

*Home learning activities are not mandatory, you can do as many or as few as you would like to. If you do choose to do some of the home learning, please bring it in to share with your friends, or add photos of what you have done to Tapestry.*

Can you draw a map to show your route to nursery? Draw what you go past and which way you have to go.

Can you make a model of the three bears cottage? You could use lego, blocks, junk modelling or anything else you can think of.

Practise the sounds which are sent home from nursery. Can you find anything which starts with the sounds? If you want to you could also practise writing them.

Help your grown ups at home to make some porridge. Try your porridge with different toppings and tell us which is your favourite.
