

Year 2 Home Learning – Term 6 – Castles and Dragons!

Research a castle in the UK and create a fact file to share with your class!

Continue to read 4x per week. Please write this in your reading diary.

Using fruit from your house plant some seeds and document how they grow. You could use an empty carton, plastic cup or yoghurt pot to plant your seed.

Catapults were used to defend and besiege castles! Have a go at making your own catapult. Can you research and write how catapults were used?

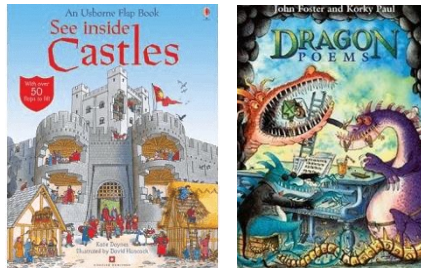

Castles and Dragons!

Imagine you are a King/Queen for a day! Write a diary entry about your day.

Visit the library to find books about castles and dragon poetry. If you can, bring it in to show the class.

Design and create your very own shield. Decorate it with things that are important to you and bring it into school to share.

Use the 'Art Hub for Kids' on YouTube to practise your drawing skills. Focus on castles and dragons.
